

LETTUCE ENTERTAIN YOU ENTERPRISES' RESTAURANT LAUNCHES INSTALLATION OF THE EVERPURE® EXUBERA PRO PREMIUM WATER SYSTEM

Chicago (Jan. 6, 2009) – Lettuce Entertain You Enterprises announced today that its recently opened Mon Ami Gabi restaurant in Reston, Va., will feature the Everpure® Exubera Pro Premium Water System, an award-winning water filtration system that allows foodservice operators the ability not only to serve their patrons with the highest-quality water, but also help them eliminate some of the unnecessary environmental wastes and costs associated with conventional bottled water. Everyone today is concerned about their carbon footprint and Mon Ami Gabi and its guests are no exception.

“We installed the Exubera Pro Premium Water System because we wanted to offer our patrons with premium-tasting, complimentary water that would be environmentally friendly and free of any unwanted impurities, tastes or odors, which can often result from serving tap water, says Willie Neal, managing partner of the Reston, Va. Mon Ami Gabi. “Plus, Everpure and its Exubera Pro Premium Water System provided us with a simple, turnkey solution, which was easy for the restaurant to implement and install, and our staff to operate.”

Prior to installation, Everpure technicians provided Mon Ami Gabi with an in-depth water analysis so that they could recommend a customized filtration system that would ensure the Exubera Pro Premium Water System’s water would deliver the best tasting, chilled sparkling and ambient water to customers. Once the appropriate filtration system was selected, Everpure then assisted Mon Ami Gabi with the Exubera Pro’s installation. And since Everpure prides itself in high-quality customer service, the company will continue to provide Mon Ami Gabi with regular maintenance.

“As the burgeoning green movement makes its way into the foodservice industries, we are pleased to offer operators with an easy, eco-friendly water alternative that enables them to reduce their environmental wastes and food operation expenses and hassles, such as tracking inventory and finding storage space, that are related to prepackaged bottled drinking water,” says Mark Selander, marketing manager of Everpure.

To learn more about the Exubera Pro Premium Water System’s under-counter and counter-top models and how an operation can merchandise the system’s water, offering it as a menu item that can lead to additional revenue, visit www.everpure.com.

Everpure has been delivering clean, clear and consistent water to businesses for more than 75 years. For more information regarding Everpure’s Exubera Pro Premium Water System, which also is a recipient of the National Restaurant Association’s 2008 Kitchen Innovations Award, operators may visit the company’s Web site: www.everpure.com.

About Mon Ami Gabi

Mon Ami Gabi is a Classic French Bistro. "Mon Ami" means "My Friend" in French and "Gabi" is for renowned Chef and Owner Gabino Sotelino. Mon Ami Gabi specializes in Classic Bistro Fare including crepes and quiches. Our dinner menu features classics such as French Onion Soup, Trout Grenobloise, and our signature Steak Frites. French wines are served by the glass or the bottle from our rolling wine cart.

Mon Ami Gabi is a Lettuce Entertain You Enterprises, Inc. (LEYE) restaurant. Based in Chicago, LEYE is one of the nation's leading independent restaurant groups, owning, managing or licensing more than 75 establishments in Illinois, Arizona, Maryland, Virginia, Minnesota, Georgia and Nevada. The establishments range from the casual style and cuisine of the original restaurant, RJ Grunts, to the elegance of L2O, Everest, and Tru.
